

# Warning.

INFORMATION has reached the undersigned that timber depredations have been going on on their lands in Iron and St. Francois counties, Missouri, by men who are constantly selling timber to the different timber working industries, and who have no land of their own from which to cut out the timber, or who cannot show purchase of timber from any land owners. We give this warning to saw mill men, hub factories, handle factories, and all other purchasers of timber, that we may proceed in a legal way to prosecute any one who cuts timber from our land without authority, and at the same time we will proceed to prosecute those who buy that timber as the receiver of stolen timber is equally as guilty, under the law, as the one who steals the timber.

We request the purchasers of timber to join us in stopping this rapidly growing theft of our property. It is an easy matter for any purchaser of timber to get facts as to the ownership of the timber he is purchasing.

The man who owns land and gets his timber from it can easily give his authority for selling. The man who buys timber from the land owner can easily satisfy the man to whom he sells the timber his authority for selling. In all other purchases of timber, the purchaser is taking upon himself a danger that may result in injury to him. Therefore we send you this warning to beware of purchasing timber from irresponsible parties. Respectfully,

**WATERPROOF**  
The roofing that is absolutely waterproof is the only one that you should consider for your building. It is made of galvanized iron rods and corrugated, causing leaks and shingles are also unsatisfactory because of their inflammability.

**REX FLINTKOTE ROOFING**  
Is treated with our own compound that makes it waterproof and fireproof. It is used on thousands of factories, farms and dwellings in the United States and Canada. Anyone can lay it.

Our book, which we will send free, together with samples, will give you valuable points on roofing.

Rex Flintkote Roofing is fast becoming the universal roofing.
